The National Debt: Facts and Opinions
Instructor: Dr. Gary Kleemann
1 session: Thursday, April 13
10:00 a.m. – noon
Class fee: $10
Friendship Village Tempe
Village Center in the Skirm Auditorium

Lecture: In the first part of this highly interactive workshop you will learn about the facts of our National Debt. What is it? What is its history? Who is it owed to? What is the difference between the deficit and the debt? Is it too large? What are options for reducing it? In the second part we will work together to develop our opinions about what, if anything, we should do about the National Debt. Everyone in the workshop will have the opportunity to share their opinions. Workshop participants should come to the workshop with both an open mind and their own opinions. Participants should be prepared to share their views with others and to listen well to others who may have somewhat different views.
